

6 Berth Abbey Advantage single axle, purchased new from Stuart Longtons by ourselves in late 2006. Ready to go on Holiday – even includes all the original manuals for everything!

This is the very sought after model with two fixed bunks to the rear and a central bathroom with toilet, sink and shower. There are two further bunks midway, which fold down to make two seats and a table. The living area folds down to make a very large and comfortable double bed. This lovely van has the scratch resistant GRP outer skin which makes it very strong and offers extra protection from the weather. The van is well known for its superior build quality and excellent use of space.

The bottom bunk to the rear can be folded up to create what is known as a “garage” for bikes etc whilst traveling. There is another rear door to accommodate this. Externally there is a boot locker to the front with a 13 amp socket and a TV aerial point and gas barbeque point.

This is a beautiful family van that has given us some wonderful holidays but with all honesty I think we have used it probably 15 times max since we purchased it new. It is in very good condition condition and comes from a non smoking family. It is CRIS registered.

Spec includes: Alloy wheels, gas/electric blown air central heating, gas/electric truma ultra store hot water system, 3 way fridge, 3 gas rings & 1 electric, gas oven, gas grill, electric shower 240/12v, Thetford electric flush cassette toilet 240/12v, loose fit carpets, new alarm battery, leisure battery, spare wheel that has never been used, fly-screens, built in electric extraction fan, blinds & door-screen, built in TV aerial, built in Sony CD player/radio, aerial, Alko stabilizer, Alarm, Tyres excellent condition with virtually no wear.

MRO 1229kg. Payload 227kg. MTPLM 1472kg.

Internal length 5.5m / Overall length 7.18 / Overall width 2.23m
overall height 2.7m

All of the following are included in the sale that were purchased new - basically everything you need to go caravanning.

- ⑩ full size Inaca sands awning with low weight fibre glass pole kit, used once. Cost £1200
- ⑩ Awning matting, cost £100
- ⑩ Tyrons fitted to inside of wheels £200
- ⑩ dual gas fitting x2 propane bottles £50
- ⑩ Wastemaster unit and aquaroll £60
- ⑩ Electric hookup leads £15
- ⑩ Alko lock hitch and ball £50
- ⑩ Bulldog caravan wheel lock £60
- ⑩ I store the van on hard standing in a local farm. If you live locally and purchase and need storage this space is available at cost of which was £350 for 12 months, I do not know if there is any increase in fee this year. Also does indoor storage.

£8800 ono
